VINTAGE

Leigh High School

Vol 6

San Jose, California

DEDICATION

Throughout the years, many people remain in the background furnishing us with any service we require. These people deserve recognition. Very representative of these people is Mrs. Vera Strickland, who besides performing her secretarial duties, also devotes aid and help to those in want of it.

Mrs. Strickland has faithfully served Leigh since it opened. She is always available with her cheerful smile and gracious ways.

Therefore, we, the students of Leigh High School, do hereby dedicate this, the 1968 VINTAGE, to you Mrs. Strickland, with our heartfelt thanks for a job well done.

STUDENT

Dave Pollock, Fall President

As Student Body President it has been my pleasure and privilege to serve the Student Body. I'm sure the other council members and officers were proud to have also served our school.

I thnk a great deal can be gained from our past years here at Leigh. We have had championship teams in almost every sport, and we have dominated the Spirit Trophy competition for almost three years. Our Student Councils have been very active in their endeavors to better the student's voice in ASB functions. Academically, our students have been rated with the best, which is shown by the number of Leigh graduates in nationally prominent universities and colleges. These are all reasons why we belong to "Leigh High School—Home of the Championship Longhorns!"

We, the students of Leigh, should be proud to benefit from the education we have gained here in these past semesters as a foundation for ourselves, the Leaders of Tomorrow!

Sincerely,

Dave Pollock

FALL

Ist Row (l-r) Craig Sturges, Ted Ryan, Dave Pollock, Steve McClung, Debbie Hogan. 2nd Row (l-r) Pat Clancy, Ron Gerard, Colleen Saxon, Terry Larocco.

COUNCIL

Leigh stands for many things. It represents a good education, sportsmanship, student government, and spirit. But most of all to me Leigh means friendship.

Yes, I value the many friendships I've made these past four years at Leigh and I won't ever forget them. If I were to give some advice to the incoming freshmen, I would say, "Try to make as many friends in the next four years at Leigh as possible, for a person can never have too many friends." Building friendships requires a will and an effort, which is well rewarded.

Friendship is what keeps Leigh together as one, and it enables us to perform to the best of our ability in all our school endeavors.

Through my position as Student Body President, I have found that at Leigh, Happiness is Friendship.

Sincerely,

Terry Larocco

Terry Larocco, Spring President

I would like to begin with a vote of thanks to the student body from both the team and myself for their tremendous spirit and loyalty.

It has not been a winning year, but instead a learning situation.

We set our goals and worked hard toward accomplishing them. Although we fell short of achieving these goals many times, we have gained invaluable experience through meeting the challenges and opportunities which presented themselves throughout the season.

Varsity

Gary J. Ables
Head Coach

1st Row (l-r) Greg Fraz, Dave Bunt, Daryl Olsen, Kent Pederson, Bill Wilson, Jim Elder, Mike Baldridge, Steve Bean, Greg Hamilton, Pete Maiers, Larry Smyth, Steve McClung, George Chatfield, Manager Bryan Cline. 2nd Row (l-r) Jim Knell, Bob Nelson, Dave Pollock, Gene Aso, Dave Edtl, Brian Crosby, Terry Semon, Scott Fausett, John Wallace, Bill Blakeman, Doug Oliver, Tom Reed, Dave Baldwin, Dennis Cain, Manager

The trend now is to take the knowledge and experience we have gained and use it to our advantage in the coming season.

We may have lost a battle, but we have not lost the war. This quotation applies not only to football, but also to the challenges of life and we hope to improve in both areas.

Thank you,
Coach Ables

WAIT 'TIL NEXT YEAR

Due to the school being split and large losses caused by graduation, Leigh did not field its usually strong team. A fine sophomore team and some good individual performers from the varsity, Jr. varsity, and freshmen promise that Leigh will be back in there fighting for the league title next year.

This year's outstanding individual runner was Craig Bower, who was the number one varsity runner all season. Craig placed 15th in the league finals and 36th in the regional meet.

The sophomore team finished 3rd in the league meet with strong performances from Chris Bacon, Nobert Reich, Dave Auchard, Hal Hoge and Pat Denevan.

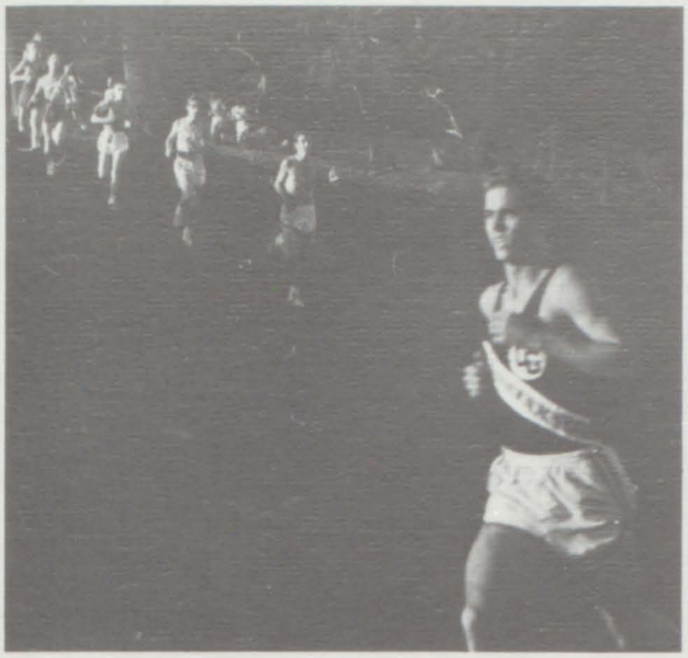

Freshmen Glen Sisk, Kevin Kilmer, Kevin Gargan; varsity Tim Buser and Roy Durbin; Jr. varsity Dan Russell Roger Rydquist, Lee West all show great promise.

VARSITY BASKETBALL

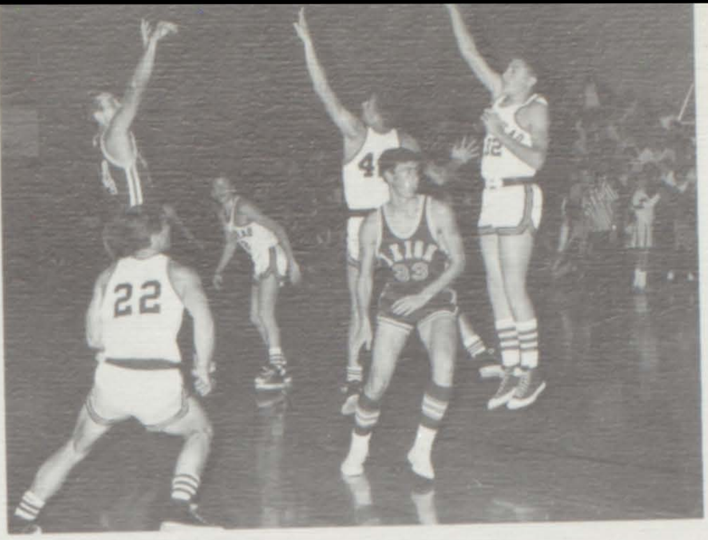

Coach Boggs.

With a league record of three wins and thirteen losses, most people would hardly term our basketball season a success. But for a team that was predicted to go through the season without a victory, the team performed admirably. Through the efforts of some dedicated seniors and a group of hardworking juniors the basketball team "pulled" two upset wins over Westmont and one over Los Gatos.

It is hard to say good-by to the seniors, however, they would be the first to admit that Leigh will be tough in the future. A group of returning lettermen should bolster our basketball program next season. Doug Oliver, our leading scorer with a 15.0 ppg average will return as a guard. He was our Most Valuable Player and was selected honorable mention on the All-League Team. Steve Mayo and Cliff Osborne will also return to give us experience at the guard position. Paul McLane, a 6'4" center, will also return to give us experience up front. Paul shot 47.2% from the floor this year and should be even better with work during the summer. Two forwards will also be coming back. Steve Hosler, the teams leading rebounder, and Dave Edtl, who came up with some clutch performances this past season, will return to give us experience at the forward position.

With these boys returning and with some boys from our Frosh-Soph coming up to help us, our basketball program should be very good next season. To coin an old phrase, "Wait 'til next year."

THE INTER

Dear Leigh High,

Thanks to "Youth for Understanding," I will have spent a year here, one I shall remember always. Leigh High, of course, will stand out in my memory. I have enjoyed being here this year, making friends with both students and teachers. Although the school day in America is different from the school day in Sweden, it was very easy to adjust myself to it. I understand a bit better about the American society in seeing it in action here.

I was anxious to come to America, because we hear so much about it in Sweden, and I wanted to see it for myself. By being here with you this year, I feel I will be better able to interpret the news and magazine articles that come from the U.S.A.

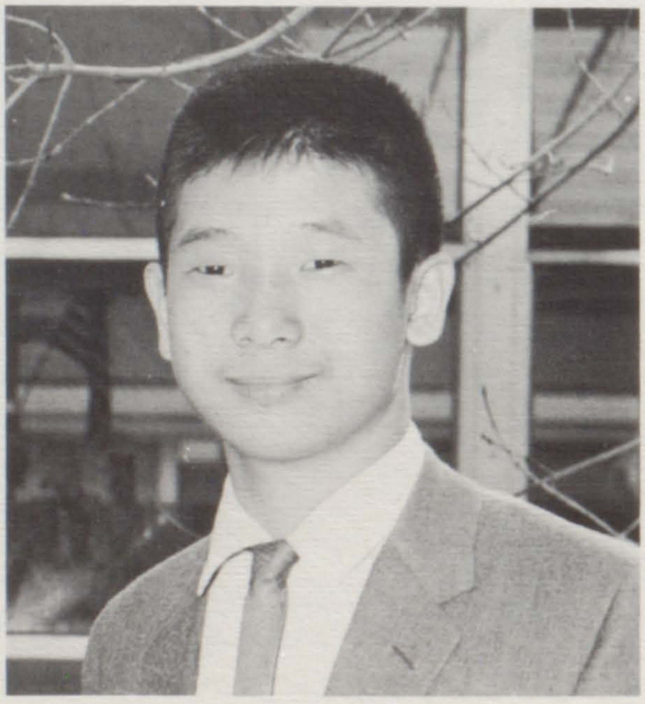

I have enjoyed my year with you very much, and it has been the greatest experience in my life.

Sam Yu, Korea

My Dear Fellow Students,

My Korean family sent me to the U.S.A. for further education. Now, I live with my new American family, the Follases. I shall graduate from Leigh and then go to college. I am proud to attend Leigh which is one of the finest schools.

When I first arrived here (Oct. 9, 1967), I was afraid and quite confused. Everything was extremely different from my Korean school, but all my teachers helped me to achieve high scores through their advanced teaching methods in spite of the language problem. Your kind and warm smiles when you greet me are helping me fit into the Leigh school system easily.

NATIONAL SET

Marcelo Pereira
Brazil

Leigh High School is one of the most modern schools I have ever seen. Here we can have both sports and studying. All the teachers try to help us with our troubles and it is very easy to make friends because all of the students are very pleasant. My American family replaced my Brazilian parents very well. They are very kind to me all of the time. In the first days I was very home-sick. But now, as I have all my time filled, I don't have any more troubles of that kind. It is the most exciting experience in my life to know the most powerful country in the world. Here we can see progress; there are many things here that I had never seen in all my life. This is very interesting and I like very much to know new people and a completely different way of life.

Marcelo Pereira

The days of my life in Korea were uneventful, but that is normal. Something exciting happens every day at Leigh High because it is new and different. The many new friends I have met give me a warm feeling, and I would like to make each and every student a close friend. I know that Leigh will be an unforgettable school.

I wish to thank the teachers and counselors for their guidance and help, and the Leigh student body for their kindness and friendships. God be with you.

Cordially yours,

S. Sam Yu
